To my DZSP 21 family:

As you know, Guam experienced a 20% spike in Positive COVID-19 cases last week. It's why RDML Menoni issued his Public Safety Order on Friday banning bars and eat-in restaurants for people under his command and issues a strong advisory to those under DoD authority, such as Federal government contractors.

In view of the above, temperature checks, in addition to start of work day questioning, is mandatory. I assume that all annexes have access to forehead thermometers. Vince and Debbie are probably out the rest of the week.

Also, there will be no more pot-luck events for birthdays, going aways, holidays, etc. until further notice.

Just tightening up our protocols for the safety of our workforce.

Thank you for all you do to support the essential missions of our Defense Industrial Base.

Thank you. Have a safe, healthy and waynederful day.

Wayne
