NAVBASE GUAM NOTICE 6210

From: Commanding Officer, U.S. Naval Base Guam

Subj: U. S. NAVAL BASE GUAM MARITIME VESSEL QUARANTINE PROCEDURES

Encl: (1) NAVAL MESSAGE TEMPLATE

1. In response to the COVID19 pandemic, Naval Base Guam (NBG) has instituted the following procedures to mitigate Risk to Strategy, Mission, and Force by reducing the potential transmission of spread to NBG personnel and the local community.

2. NBG will release enclosure (1) for ALL visiting and homeported ships and submarines NLT 48 hours prior to arrival to request the following information:

a. Any personnel onboard that have Influenza-Like Illness (ILI), has been designated a Person Under Investigation (PUI) for Coronavirus or other communicable disease diagnosis.

b. Number of days underway since last port of call.

c. All ports of call within the last 14 day period prior to arrival to NBG.

d. Number of personnel disembarking the ship for further travel off Guam (PCS, Leave, TDY, etc.).

e. Number of personnel embarking ship. For each person report the number of days on Guam and last location(s) within the previous 14 days prior to arrival on Guam.

3. If a ship/submarine has been underway for less than 14 days and/or has reported an ILI, PUI or communicable disease onboard, NBG shall:

NOTE: For the purpose of this memorandum, "NBG personnel" includes all personnel not assigned to the ship/submarine.

a. Enforce Restriction of Movement (ROM) protocols for shipboard personnel to the pier by establishing a Force Health Protection Barrier (FHPB) forward and aft of the ship/submarine. All ship's force personnel will be restricted to within these limits.

b. Husbanding/pier side services (to include but not limited to line handling, ammunition movements, potable water connection, shore power installation etc.) will be allowed utilizing the following mitigations:

(1) Except in emergency situations, NBG personnel will not board the ship/submarine unless absolutely required to properly service the ship/submarine. If boarding the ship/submarine is required, NBG personnel will maintain social distancing standard of six feet from all ships' force personnel to the maximum extent possible.

(2) While conducting services/operations on the pier, NBG personnel shall maintain social distancing standard of six feet from all ships' force personnel.

(3) NBG Pilot(s), if embarked aboard the ship/submarine, shall be screened by USNH Guam PHEO designated personnel prior to embarking the ship/submarine. While aboard the ship/submarine, the Pilot(s) shall not be directly exposed to any symptomatic ship's force personnel and will maintain social distancing standard of six feet from all ships' force personnel to the maximum extent possible. Upon disembarking the ship, the Pilot shall self-monitor and immediately inform his supervisor and self-isolate if any ILI symptom is present within a 14-day period after the Pilotage Services are provided.

c. Removal of trash from the ship/submarine and other port arrival pier activities shall be delayed until after all husbanding services are completed.

d. At all times while on the pier, ship's force personnel shall maintain social distancing standard of six feet from all NBG personnel.

e. Ship's force personnel disembarking (i.e. PCS, TAD, Emergency Leave) prior to 14-day period shall complete appropriate COVID19 screening and be cleared by the ship's Commanding Officer (CO) prior to being permitted to exit outside the FHPB boundary. The ship's CO will be responsible for adhering to all travel restrictions required by higher headquarters.

f. Ship's force personnel required to exit the FHPB boundary in order to conduct Mission Essential operations/task prior to the 14-day period shall complete appropriate COVID19 screening and be cleared by the ship's Commanding Officer (CO) prior to being permitted to exit outside the FHPB boundary.

g. For all instances where Ship's Force personnel required to exit the FHPB boundaries, the ship's CO shall provide a signed memo or other form of official correspondence addressed to the NBG CO as notification that personnel cleared to exit the FHPB boundaries.

h. Prior to exiting the FHPB boundary, the ship/submarine Duty Officer shall inform the NBG CDO of the in pending movement.

i. All movement's outside of the FHPB boundary shall be conducted in ship's force vehicles and shall be conducted point-to-point with no intermediate stops along the way.

15 Mar 2020

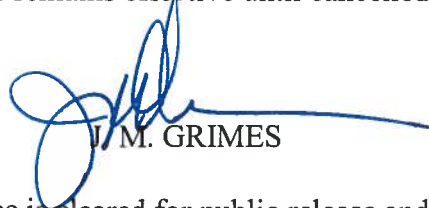

The ship/submarine shall be responsible for properly sanitizing all vehicles prior to returning the vehicle to the vehicle provider.

j. At all times while outside the FHPB boundary, ship's force personnel shall maintain social distancing standard of six feet from all non-ships' force personnel to the maximum extent possible. A report to the NBG CDO is required if the social distancing standard cannot be maintained.

4. If a ship/submarine has been underway for greater than 14 days and does not have an ILI, PUI or communicable disease onboard OR if 14-day since the last port visit has elapsed, none of the above restrictions/conditions are in effect.

5. Records Management. Records created as a result of this notice, regardless of media or format, must be managed per Secretary of the Navy Manual 5210.1 of January 2012.

6. Cancellation Contingency. This notice remains effective until cancelled or superseded.

J. M. GRIMES

Releasability and Distribution: This notice is cleared for public release and is available electronically via the CNIC G2 Portal
