

ISOLATION AND QUARANTINE POLICY

ISOLATION

Ten days for individuals identified as positive for COVID-19.

UNVACCINATED

Must isolate for 10 days.

VACCINATED

May discontinue isolation after five days since symptoms appeared and at least 24 hours have passed with no fever, without the use of fever-reducing medication. Those discontinuing isolation should wear a mask at all times.

QUARANTINE

Ten days for individuals identified as close contacts of someone positive for COVID-19.

UNVACCINATED

Quarantine may be reduced to seven days if a negative COVID-19 test result is obtained between 5-7 days after starting quarantine.

VACCINATED

Individuals vaccinated without a booster shot will undergo quarantine for five days, provided they remain asymptomatic.

QUARANTINE EXCEPTION

Quarantine is not required for asymptomatic close contacts who have:

- Previously tested positive for COVID-19 within 90 days
- Have been vaccinated and received a booster dose
- Completed primary dosages of mRNA vaccine (Pfizer/Moderna) within six months
- Completed primary dosage of Johnson & Johnson vaccine within two months
